OUR LADY OF LOURDES

On February 11, 1858, 13th year old Bernadette Soubirous a poor and sickly child was on her way searching for firewood. Suddenly she was startled by a peculiar wind and a rustling sound.

Bernadette looked towards the grotto and caves on the Gave river bank. Near the opening of the grotto, Bernadette noticed the cave was suddenly filled with golden light and there appeared a young girl of great beauty, dressed in a pure white robe with a blue sash, a veil over her head with a rosary over her arm and a yellow rose on each foot. The humble virgin appeared to a humble girl and treated her with dignity. The beautiful lady looked

at Bernadette and immediately smiled and signaled her to come near like a mother motions her child to come near and asked Bernadette to say her rosary. On March 25th, the Lady finally told Bernadette, “I am the Immaculate Conception” and that her purpose in appearing to Bernadette was to warn her to pray and make sacrifices for sinners.

Bernadette's daily visits to the grotto caused quite a stir in the countryside. Crowds of people began to gather. Shortly after Bernadette began to pray the Rosary, everyone present noticed that her face was transfigured and illuminated. They watched Bernadette scrape away soil beside the grotto until a spring of water started to trickle out and still provides 27,000 gallons of water every day. This is the sacred Lourdes water which heals all. Our Lady appeared at the Grotto of Massabielle to Bernadette a total of 18 times in 1858. At the age of 22, Bernadette became a nun and devoted her life to Mary by praying for conversion of sinners and to the service of God. Let us receive graces from our Mama Mary who always points her finger to her son Jesus Christ.

ACTIVITIES HELD AT ST. JOSEPH'S EDUCATIONAL INSTITUTE

On 14th January 2020, Road Safety week programme was held in the institution. The day began with a special morning assembly with the theme: 'Start early, Drive Slowly, Reach Safely'. Followed by a mime on road safety. Some important points were highlighted through the mime are:

- Avoid mobile phones while driving
- Wear a helmet while driving
- Look on both the sides before you cross the road
- Drive slow near the school area
- Never park your vehicles on the road etc.

After the assembly students moved from class to class with slogans to create awareness on Road Safety followed by a powerpoint presentation presented by Tr. Svetlana D'souza on how one should follow rules on road, including Traffic signals.

“To be saints is not a privilege for few but a vocation for everyone.” The feast of St. Joseph Vaz, the Patron of the Archdiocese of Goa and Daman was anticipated in our institution on 15th January. A special prayer service was conducted by the students of std VIII highlighting the life of St. Joseph Vaz. The theme for the prayer service was 'St. Joseph Vaz: Model of holy life'. The students performed a short enactment to show the miracle of the gushing stream. Tr. Anastassia Riffa Rodrigues spoke on the life of St. Joseph Vaz. The Headmistress Mrs Perci Fernandes called upon the students to emulate the virtues of this great saint and to and take part in the Holy Eucharist at Sancoale.

Children & Teenage Cell of PARISH PASTORAL COUNCIL of Chandor Parish

With the guidance of our Parish Priest Fr. Simao, the Children & Teenager Cell organized a Session for the parents on 30th Nov 2019 to bring about awareness on Healthy Food Habits and Effects on Mobile Radiation. The talk was given by Ayurvedic Dr Gauri Prabhu, practicing at Primary Health Centre Curtorim. There were about 40 parents.

She urged the parents to give nutritious food prepared at home, avoiding fast food which leads to ill health. On HEALTHY FOOD HABITS, Dr Gauri explained the 5 important components of diet carbohydrates, fats, proteins, vitamins and minerals.

Carbohydrates – rice, wheat, bajra, jowar, raagi avoid maida and unwanted sugar

Fats – ghee, oil, animal meat

Proteins – fish, meat, eggs, pulses, legumes

Vitamins – minerals, fruits, vegetables

Milk – All five components present hence encourage your child having atleast 1 glass of milk hence it's a complete diet.

Regarding Mobile Radiation, she made us aware about the following:

- 1) Mobile phones emit radio frequency radiation, a form of non-ionizing radiation from their antennas. Parts of the body nearest to the antenna can absorb this energy.
- 2) Neurologic effects seen particularly in young persons since the brain is the primary exposed organ
- 3) Biggest health risk with distracted driving and causing vehicle accidents.
- 4) Risk of developing brain cancer increases with age.

She used a power point presentation to make her talk more effective and interesting.

Many queries put forth by the parents were addressed by the doctor. For further details queries contact the cell no. 9921701327

DANAHA FEAST

(FEAST OF BAPTISM OF JESUS)

I remember a short story I read some time back. The story goes like this. There was an ashram with few sanyasis as inmates. They had a domesticated cat. Every day when they gather to pray, the cat would disturb them. So they sought an idea. They decided to tie the cat and every day one person in turn keep a watch over the cat. Slowly it became a habit for them. Even after the cat died one sanyasi would sit at the spot where the cat was kept tied. May be the story is not so relevant, however I meant to cite as an example of our nature. We forget the real reason of our celebrations. We are living in a society that is so much interested in celebrations and make a big show off with competitive spirit. Unotunatly we forget the real reason of that celebration.

Our ancestral church celebrated three main feasts; out of which the most important was the feast of Resurrection of Jesus; the second important one was the Birth of Jesus and the third was the Danaha feast (baptism of Jesus). As the first two feasts well known to us, the third one may not be that well known, I would like to say something about this feast. Till AD 354, Danaha feast was celebrated together with the Birth of Jesus. But at the time of Emperor Constantine, persecution of church and Christians was stopped and the church was liberated. Danaha feast, is a global celebration and it is celebrated thirteen days after the birth of Jesus ; on 6th January. This custom is still carried on. In Syrian language Danaha means 'sunrise' or 'dawn'. The reason to accept this name is basing on the Bible passage. Zechariah, the father of St. John the Baptist, after the restoration of his speech, prophesied, "You my child, will be called a prophet of the High God, You will go ahead of the Lord to prepare his road for Him.He will cause the bright dawn of salvation on us and to shine from heaven on all those who live in the dark shadow of death..... (Lk:1:76--79). And in the Gospel of St. John, Jesus is portrayed as light (Jn:1:4-5). Jesus Himself proclaims that "I am the light of the world". (Jn: 8: 12).

This feast is known also as Epiphany (revelation.). After thirty years of hidden life, during His Baptism, Heavenly Father Himself revealed

that Jesus was His own beloved son and the Holy Spirit descended upon Him. Thereafter Jesus started His public ministry. Latin Churches celebrate this feast as the feast of the visit of three wise men who were not Jews and thus it is confirmed that Jesus is the Messiah not only of Jews but of all humanity. The gift of gold presented by one of them represents the Royal kingship of Jesus. Frankincense, gifted by the second king proclaims the Jesus is the high priest with all His Divinity. Myrrh was the third gift and it speaks about the mission of Jesus, healing the sick, the gloomy, the bleeding and the dying. Nicodemus applied myrrh and aloes on the body of Jesus, wrapped it in linen and buried Jesus according to Jewish customs.

Danaha is also known in different names. In the middle area of Kerala, Trissur, it is called as 'Pindi Perunnal' (pindi is the stalk of banana tree. and 'perunnal' means feast). On 5th Jan late in the evening, every catholic family hoists a trunk of a banana tree in front of the house, decorate with burning lamps, thus Danha feast of light is celebrated. As we go down to the south of Kerala Danaha feast is called in local language 'Rakkuli' which means night bath. This is based on the common belief that when a sinful person is immersed in the water, all his sins will be washed away. If so now a question arises; Jesus was the son of God, He had no sins, yet why He had to receive baptism from the hands of St. John the Baptist ? Therefore John tried to change Jesus's mind, by saying "I ought to be baptised by you and yet you have come to me". But Jesus answered, "let it be so for now, for in this way we shall do all that God requires". Taking the sins of all human beings Jesus accepted the baptism from St. John. St. John testified as he saw Jesus approaching him "here comes the lamb of God who takes away the sins of the world".

As I have stated initially, beyond the pomp and glory of our celebrations let us understand and accept the true meaning of our feasts that all the feasts point out the salvation programme of God. If it is so each feast should make us worthy of receiving salvation, and God the father, Jesus Christ, the Son of God and the Holy Spirit be glorified through celebrations.
