FAMILY, PLACE OF FORGIVENESS ...

By Pope Francisco

© There is no perfect family.

© We do not have perfect parents,
- you are not perfect yourself.

We do not marry a perfect person or we do not have perfect children.

© We have complaints from each other. We can not live together without offending one another.

© We are constantly disappointed. Yes for so many reasons at different times we are disappointed by one another.

© There is no healthy marriage or healthy family without the exercise of forgiveness. Forgiveness is the medicine of family joy and happiness

© Forgiveness is vital to our emotional health and spiritual survival. No matter the offence or who is the offender. Without forgiveness, the family becomes an arena of conflict and a fortress of evil.

© Without forgiveness, the family becomes sick and unhealthy.

© Forgiveness is the asepsis of the soul, the purification of the spirit and the liberation of the heart. No sin is too big to be forgiven.

He who does not forgive does not have peace in his soul and can not have communion with God.

© Unforgiving is Evil and a poison that intoxicates and kills the one who refuses to forgive

© Keeping heartache of unforgiving in your heart is a self-destructive gesture. It's autophagy.

© Those who do not forgive are physically, emotionally and spiritually ill. And they will suffer in two ways

For this reason, the family must be a place of life and not a place of death; a place of forgiveness, a place of paradise and not a place of hell; A healing territory and not a disease; an internship of forgiveness and not guilt.

Forgiveness brings joy where sorrow has brought sadness; of Healing where sorrow has caused disease.

A family is a place of support and not of gossip and slander of one another. It must be a place of welcome not a place of rejection. Shame to those who plant evil about others. We are family and not enemies.

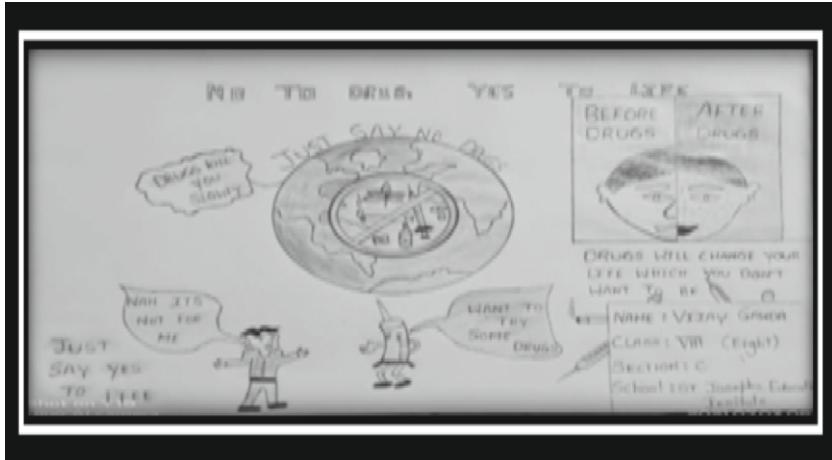

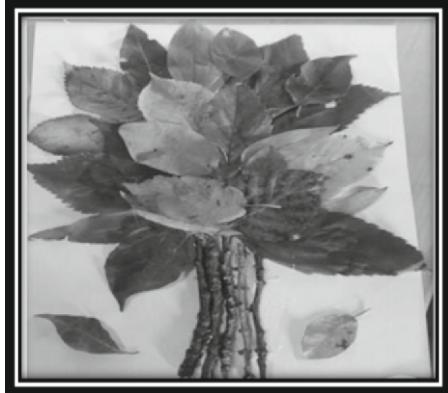

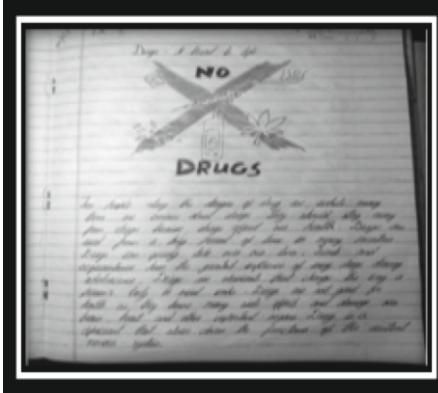

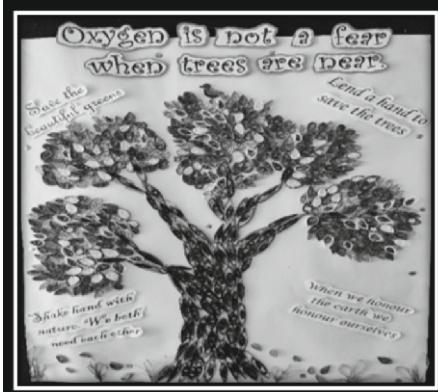

When anyone is going through a challenge all they need is support.

ST. JOSEPH'S EDUCATIONAL INSTITUTE – EDUCATING FOR HUMAN GREATNESS.

As schools have been closed to cope with the global pandemic, students, parents and educators around the globe have felt the unexpected ripple effect of the COVID-19 pandemic. While the government, frontline workers and health officials are doing their best slowing down the outbreak, education system is also trying its best to impart quality education for all during these difficult times. Its yet, another year of challenges... another year to use various platforms to impart education to our students... another year to show extreme kindness to our students. The new academic year at St. Joseph's Educational Institute commenced on the 21 June 2021. A prayer service was organised by the TICCAS in the school premises followed by the message of the Manager Rev. Fr. Simao Rodrigues and the Headmistress Mrs. Perci Fernandes. On the same day an inspiring message/video from the Manager, the Headmistress and the class teachers was posted in each class WhatsApp groups. Every institution has a challenging task to provide various opportunities to fulfil the dreams of every child. At St. Joseph's Educational Institute the management and the staff reach out to every child to give an intellectual and holistic development for their better future. In the month of June a drawing competition was organised for the students of Std VII and VIII and an essay writing competition was held for the students of Std IX and X on the topic 'Drugs – a threat to life.' Many students participated in the same.

The celebration of Van Mahotsav -the festival of forests commenced in our institute from the beginning of July. The fervour of this festival was spread among the students by conducting various competitions. For the primary section competitions such as collage of dry leaves and sticks for Std I , drawing competition for Std II and III and monologue on trees for Std IV were organised. For the secondary section the competitions were photography competition while planting trees for Std V and VI, poster making competition for Std VII and VIII and one minute video on saving trees for Std IX and X. The students participated with full zeal and enthusiasm.

The forest department has provided the school with saplings of medicinal trees which will be distributed and a few were planted in the premises on 24 July to culminate the celebration.
