WORLD DAY OF THE SICK

-Alzira Fernandes

Every year on 11th February World Day of the Sick, (an observation introduced by Pope John Paul II) offers a way for believers to offer prayers for those suffering from illnesses.

The day coincides with the commemoration of the aspiration and feast Our Lady of Lourdes and is an important opportunity for those who serve in Catholic health ministry to reflect on caring for those who are sick as well as those who provide care to them.

People around the world take time to pray for the sick and for those who work very hard to alleviate the sufferings of the sick on this day. Faith organisations mark this day especially to provide the sick with medicines, food, and spiritual guidance. Pope John Paul II initiated the day in 1992 to encourage people to pray for those who suffer from illness and for their caregivers.

“I pray for healthcare workers everywhere, that rich in mercy, they may offer patients, together with suitable care, their fraternal closeness.” –Pope Francis. In his 2022 message for world day of the sick, Pope Francis reaffirms the importance of catholic health care institutions as a precious treasure to be protected and preserved and whose presence has shown the church's closeness to the sick and the poor, and to situations overlooked by others.

He reminds us Jesus' invitation to be merciful like the Father has particular significance for health care workers, saying “I think of all physicians, nurses, caretakers of the sick and the numerous volunteers who donate their precious time to assist those who suffer” reminding all that their service alongside the sick, carried out with love, transcends the bounds of their profession and becomes a mission.

No person in the world is immune from sickness. Sickness is something the world has lived with since the beginning of time. Thanks to modern science and technology diagnosing and treating illness has greatly improved. Sometimes however it's not science, that comes up with cure. The catholic church believes that prayer can heal the sick. This is why the Pope feels it is important to remember those who are sick and prayer for them. So let us always pray for the sick, especially those who are completely dependent on others.

ELECTIONS

**Adv Ignatius C. Dias
Igorjebhat, Chandor, Salcete-Goa**

Elections form the bedrock of the largest democracy in the world”

An Election is a formal group decision making process by which a population chooses an individual or mutple individuals to hold public office.

Elections provide an opportunity to the people to assert their voice and opinion of their choice to elect their representative who will form the Government and take major decisions.

Elections provide a way for the citizens of India to choose their leaders. They do so by casting their vote in favour of the candidate or party whose views appeal to them. This ensure that the will of the people is reflected in the elected candidates.

Elections was a regular exercise, occuring after 5 years in India, the ruling parties are kept in check and made to consider the demands of the public. This works as a self corrective system whereby political parties review their performance and try to appease the voters.

The Election campaigns are conducted to have a free and open discussion about who is a better representative and in turn, which party will make a better government in India, Election campaign takes place before the announcement of the final list of candiadates and the date of polling.

In India, the elections are not new and they started taking place before the independence from British rule itself. But before independence the franchise was limited and very few were having rights to participate and vote. After independence, India adopted universal adult suffrage and each adult Indian got the right to vote.

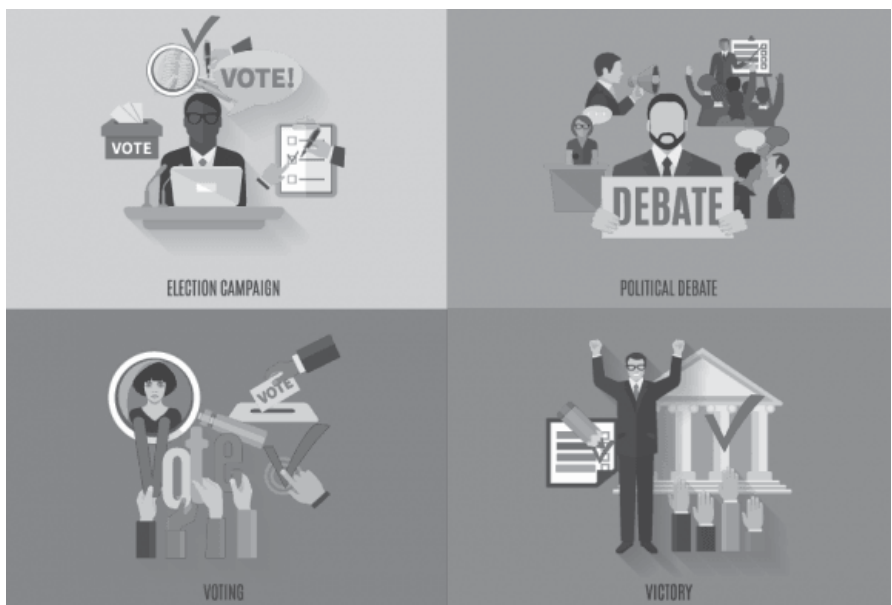

The methodology of elecion is through universal adult suffrage,

whereby every citizen of India over 18 years of age is an eligible voter in the eyes of the constitution.

If we, compare the elections of the past and the present there is lot of difference and now more alliance parties are formed. Each party wants to do their best and achieve their goal.

The Election Commission of India was founded on 25th day of January in the year 1950. Therefore, in the year 2011 a cabinet meeting was held chaired by former Prime Minister Manmohan Singh who accepted the law Ministry's proposal to enact this day and this day signifies the importance of voting and aware people of their voting rights and make more people contribute to the electoral political process in the Country, mostly the newly eligible generation. And finally, this day 25th January was inturned marked in the year 2021 as “National Voters Day”.

So, the public in large/the voters have to think twice and cast their vote to the right candidate who will work for their constituency in future, so don't lose your vote. “BE BRIGHT VOTE FOR THE RIGHT”

I AM THE IMMACULATE CONCEPTION

**Mrs Brenda Savio D'Silva
Culsabhat**

On February 11th 1858, our Lady appeared to Bernadette Soubirous at Massabielle in Lourdes. During the apparition on March 25th, our Lady identified Herself with the words: "I am the Immaculate Conception".

On December 8th, 1854 Pope Pius IX proclaimed the dogma of the Immaculate Conception in the apostolic constitution *Ineffabilis Deus*.

Bernadette was a sickly child. She knew to pray the Our Father, the Hail Mary and the Creed. She also knew the prayer of the Miraculous Medal: "O Mary conceived without sin"

Bernadette recollected that she saw something white in the form of a pretty young girl with a Rosary over Her arm. Her white robe was encircled by a blue girdle. She wore a white veil. There was a yellow rose on each foot. There was a Rosary in Her hand.

Bernadette was impressed that the Lady did not use the informal form of address (tu) but the polite form (vous). The humble Virgin appeared to the humble girl and treated her with respect and dignity. Bernadette made the sign of the Cross and recited the Rosary with the Lady.

Through that humble girl, people began to flock to Lourdes and from other parts of France and from all over the world and many healings were reported. Lourdes has become a place of pilgrimage and healing, but even more of faith. February 11th is instituted as World Day of the Sick by Saint Pope John Paul II.

Just as Our Lady chose the humble Bernadette, for us too, ordinary life, at work, in our families, in our villages or neighbourhoods, is the very place where God goes before us, joins us, here where our faith is being lived out.
